DETAILED ACTION

Acknowledgment

1. The amendment filed on 12/20/2005 in response to the Office action mailed on 7/26/2005 has been entered. The present Office action is made with all the suggested amendments being fully considered. Accordingly, pending in this Office action are claims 1-10 and 20.

Allowable Subject Matter

2. Claims 1-10 and 20 are allowed.
3. The following is an examiner's statement of reasons for allowance: the prior art does not show or suggest a method of forming an under filled chip package where a bumped chip is diagonally attached. Suzuki teaches the state of the art where the chips are vertically attached to the substrate. Moreover, Akram "suggest " in figure 8 that a bumped chip may be diagonally aligned with a substrate before the deposition step but is completely silent with regard to the step of placing a die having a plurality of solder bumps (first side) at an angle relative to the package substrate before contacting other solder bumps.
4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
5. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Leonardo Andújar whose telephone number is 571-272-
